

# **BELLINGHAM FARMERS MARKET**

---

## ***Vendor Intent to Return Form***

This form indicates the intention of your business to return to the Market after no more than one season off. In order to maintain seniority (if applicable) and to reserve a space for the following season, vendors must complete this form.

The Market will hold your spot until vendor applications are due the following season. If a BFM Application and membership payment are not received by the standard January 31<sup>st</sup> deadline, your spot will be considered available.

Applicants who have taken more than a year off, who have not completed an “Intent to Return” form or who fail to submit their BFM Application by the following season’s application deadline, will be reviewed, accepted or denied according to all guidelines used for new Market applicants and their previous seniority points will no longer be valid.

\*\*Due to Covid-19, BFM is allowing vendors to take off the 2020 and 2021 seasons without loss of seniority points. As it currently stands, vendors must return in 2022 to maintain their seniority points. Please note, this policy may get reviewed by the Board later. Further changes may be made depending on the long-term affects and presence of Covid-19.
